Positioning Pakistan for the Future of Healthcare

www.healthcareexpo.com.pk

THE JOURNEY

From 2024-2026, the Healthcare Expo & Conference transformed from a business exhibition into Pakistan's largest scientific congress. It expanded into full congresses, built nationwide institutional alliances, and shifted from product showcases to policy, innovation and academic leadership. Hosting the Sindh Health Pavilion and promoting the Federal Sehat Sahulat and Health Travel initiative, it enabled MoUs, D8 and international engagement, and gerontology collaboration with the Ibn e Sina Foundation.

Global Collaboration to Transform Healthcare

Healthcare Expo & Conference 2027 is designed as a high-impact meeting point for healthcare professionals, industry leaders, innovators, decision-makers, exhibitors and business partners. The event brings products, technologies, knowledge and professional networks together under one platform.

4th Edition Healthcare EXPO & Conference

PURPOSE

- Showcase the latest healthcare services, products, technologies and innovations.
- Facilitate knowledge exchange through conferences, expert talks and educational sessions.
- Create meaningful B2B connections, partnerships, distribution opportunities and business leads.
